

Dear Family,

HMH is honored to partner with you and your school district to provide the very best learning experience for your child. The following is a brief overview of what you can expect our program to deliver.

Transforming communities and making society more just and inclusive for all.

As the driving force behind *HMH Into Reading*, culturally relevant and diverse texts allow every student to see themselves reflected in their daily classroom activities. Each year, community feedback is incorporated through *HMH Into Reading*'s iterative model to ensure students are learning from literature and lessons that represent their backgrounds. The result is a program built to encourage students to look outward and learn about others' worlds and their heritages.

Grounding instruction and practice in research-backed methods.

HMH Into Reading prioritizes explicit, systematic instruction in foundational reading skills to build confident readers.

It is designed to continually build knowledge so that students grow into strong communicators and effective members of their communities. With *HMH Into Reading*, lessons and multimedia tools build students' background knowledge about module topics to support understanding of concepts, vocabulary, and the texts.

As such, students nationwide consistently achieve significant gains at districts implementing our program. *HMH Into Reading* received all-green "Meets Expectations" from EdReports and invariably ranks at the top of numerous other rigorous national reviews focused on the science of learning how to read.

Meeting the unique learning needs of each student to ensure success.

HMH Into Reading's high-quality whole-group instruction and small-group collaboration are designed to develop students at all language proficiency and ability levels. Its focus on building a school-to-home connection strives to encourage ongoing involvement from families and caregivers with digital Family Room resources through your child's *HMH Into Reading* account on *Ed*, the HMH Learning Platform.

Every step of the way, HMH is committed to being your educational partner. Here's to an incredible school year!
