

LET'S GET READY FOR
FUN YEAR IN
T H I R D !

Hello Third Grader!

My name is Ms. Ervin and I'm going to be your teacher for the 2021-2022 school year. I'm so very excited to have the opportunity to work with you and your family. I realize after this crazy past year you might be nervous about starting third grade, but do not worry! I have big plans for us that I know you'll love. We will spend some time learning together each day, as well as getting to know one another. We're going to have so much fun learning and growing together.

Super excited to meet you,

Ms. Ervin

MEET MS. ERVIN

The Basics

Hi, my name is Natalie Ervin. This is my second year of teaching. I am sure a lot of you are nervous or scared to start the year, but I am here to help and support you along the way. I love being a part of the LES family and I cannot wait to see what this upcoming year has in store for us!

When I am not teaching or planning, you can find me watching shows on Netflix or trying out new recipes from Tik Tok. I love being outside and I am always on the move. This summer I will be teaching during the summer program, so maybe I will get to see some of you much sooner!

Education & Professionalism

After growing up and attending public school in Harford County, I attended Towson University. In 2020, I graduated with my Bachelor's Degree in Elementary Education along with an ESOL endorsement. I enjoy remaining current on teaching trends and best practices by reading blogs, books and attending professional developments. This past year I spent a lot of time in professional developments, learning the best strategies and tools to deliver the best instruction. This fall I will be starting my master's degree for mathematics in education.
